RESPONSE TO RESTRICTION REQUIREMENT

Commissioner of Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In the Office Action mailed August 10, 2004, the Examiner stated that restriction to one of the following inventions is required under 35 U.S.C. § 121:

- I. Claims 1-16, drawn to a method of treating a substrate,
- II. Claims 17-37, drawn to an apparatus for treating a substrate.

However, the application as filed is a divisional application in which claims 1-16 were canceled from the prior application. After Applicants' undersigned representative questioned the need for a restriction requirement, Examiner Stinson left a message indicating that the restriction requirement was moot.
